

Pollution Control for...

Well Head Stuffing Box

... and other low pressure applications

**10-100 PSI
Externally Adjustable**

**Dual Seal
Certified**

Manual Reset

Vibration Proof

External Calibration

Tamper Resistant

RC-M0750 Technical Specifications

CSA certified for use in:
Class 1, Div 1, Groups B, C, D, Zone 1
Group IIB & Hazardous Locations

Tested and constructed to IECex standards

Rated pressure:
5000 psi (34,474 kPa)

Adjustable Range
10 to 100 psi (69 to 690 kPa)

Diaphragm Materials:
Inconel, PTFE

Electrical connection:
½" NPT thread

NACE compliant process connection

Additional Items

Electrical Cable Assembly

**CSA approved
20 to 60 ft lengths**

Pressure Controls

**Manual and Auto Reset
CSA Dual Seal Certified
40 to 2000 PSI (RS-74)
200 to 500 PSI (RC-2000)
10 to 100 PSI (RC-M0750)**
