

Designed for...

EXTREME WEATHER and LONG LIFE

**Dual Seal
Certified**

**Pressure Tested To
7500 PSI**

**1/8" NPT for multiple
Containment &
Annunciation Options**

Pulsation Proof

**Meets Latest
Standards
(as of 2010)**

**Tamper Resistant
External Calibration**

**Greater Accuracy
and Reliability**

**Optional Connection
Sizes**

RC-M2000 Technical Specifications

CSA certified for use in:
Class 1, Div 1, Groups B, C, D, Zone 1
Group IIB & Hazardous Locations

Tested and constructed to IECEx standards

Proof pressure:
7500 psi (51,710 KPA)

Diaphragm:
Inconel, grade 718

Electrical connection:
1/2" NPT thread

NACE compliant process connection

Enclosure Type 4, IP 54

Additional Items

Electrical Cable Assembly

CSA approved
20 to 60 ft lengths

Isolation Valve

5000 PSI Rating
NACE MR01-75 compliant
ASME B16.34 compliant

Pressure Controls

Manual & Auto Reset
Stuffing Box Control
